Period	Organisation	Role
2017-2018	Maths and Science centre	Maths tutor
2019-2019	It Takes a Village day care centre	Tutor and Care Taker
2019-2019	Rampholodi Building and Construction	○ Office Administrator ○ Assistant Project Manager
2021-2023	Helgeo Printshop	○ Graphics Designer ○ Web developer

Content covered at Umuzi Academy

1. Designed and Developed User Interfaces:

○ Created visually appealing and intuitive user interfaces using HTML, CSS, and JavaScript.
○ Translated Figma UI/UX designs into interactive web interfaces, ensuring a seamless user experience.

2. Implemented Back-end web solutions:

○ Developed server-side applications and RESTful APIs using Node Js, Docker, PostgreSQL, and MySQL.
○ Designed database schemas and optimized queries for efficient data storage and retrieval.

3. Collaborated in Agile Environments(Agile methodologies):

○ Participated in sprint planning, daily stand-ups, and retrospective meetings as part of Agile/Scrum methodology.
○ Adapted to changing requirements, priorities and improving development processes based on feedback.

4. Managed Codebase and Ensured Quality:

○ Utilized Git and GitHub for version control, managing codebase efficiently and collaborating with team members.
○ Implemented unit testing using Jest and Jasmine.

5. Fully functional industry related projects:

Summary of projects:

South African ID validator   Password strength checker   Shopping cart

Consuming GitHub APIs

Visitor management system(Using Node file system,PostgreSQL with Docker)

Shop database(Using PostgreSQL with Docker)

Capsule Project(CRUD application-Restful API)   Web games   Banking system (Using OOP)

Email system (Cli application)   And More...

Skills:

UI / UX Design

Figma   Adobe Photoshop   Adobe Animate   Canva

Front-end

Html   Css   Javascript   Node js   Webpack

Back-end

Express JS   Docker   Postgres SQL   API's   Socket.io

Version control

Github   Git   Bash

Unit testing

Jasmine   Jest
